Supporting older Australians **to live their way** with grace and dignity

The Apollo Care Alliance is an innovative national organisation with a unique vision to strengthen not-for-profit aged care communities.

We are a new breed of aged care provider that has become one of the fastest growing in Australia. Our progressive operating model enhances productivity, staff efficiency and culture, quality and compliance, and most importantly, resident experience.

We help each community evolve and thrive, while still preserving their unique purpose and brand.

This ensures older Australians needing residential care can stay connected to their community, their culture and their spiritual beliefs.
